
CREATION CARE CHURCHES

Creation Care Churches is a continuing project of the Kansas West United Methodist Church Commission on Church and Society. Environmental stewardship of God's creation is the responsibility of each United Methodist. Creation Care Churches provide leadership for their congregations and communities. These churches "recognize the responsibility of the church toward lifestyle and systemic changes in society that will promote a more ecologically just world and a better quality of life for all creation." (*United Methodist Discipline*)

One hundred seventy Creation Care Church awards have been presented since 1992. The recognized congregations received an attractive handmade quilt block with annual patch awards to display in their churches. We hope that more churches will participate in this vital project. If you believe that your congregation has fulfilled the expectations of our program, please complete the following application and return to: **Kansas West Conference, 9440 E. Boston, #110, Wichita, KS 67207.**

Applications for Creation Care Church Awards are due
By April 15

Awards will be announced at Annual Conference in Salina in May.

Church name _____ Pastor's name _____

Address _____ Phone _____

Individual submitting report _____ Date _____
